Thank you!

1. Jesus loves our young people

We are so pleased you have agreed to volunteer at church services. ***This policy applies to employees, service leaders, members of worship teams and members of sound/audio visual teams.*** This ministry is a significant part of the life of Northridge. Thank you!

This is kingdom work carrying important responsibilities for the wellbeing of those in our care. We must provide an environment safe from any form of harm.

“They will be called oaks of righteousness, a planting of the Lord for the display of his splendour.”
Isaiah 61:3

Northridge is committed to its Leaders introducing children to Jesus Christ in a safe, secure and loving environment as oaks of righteousness honouring His name. This Child Protection Policy reflects our desire and dedication to act in accordance with the Child Safe Standards accepted by the NSW Government as recommended by the Royal Commission into Institutional Responses to Child Sexual Abuse, including to:

- promote the safety, welfare and wellbeing of children during their participation in activities involving children organised by Northridge, including Kids Church, Youth, worship, special events and conferences;
- assist employees, volunteers and others to recognise child abuse; and
- report child abuse and other misconduct to the NSW Police or other authorities in accordance with our legal obligations, or where there are reasonable grounds for suspecting a child is at risk of significant harm.

Pre-requisites

4. Pre-requisites to be a Leader

4.1 The need to protect children

Sadly, many children have been abused physically, sexually and emotionally by trusted members of their communities, including people in churches. As a result, both the government and Northridge have requirements to be complied with before anyone can participate in activities involving children.

4.2 Legal requirements

Volunteer Leaders assisting at Services are obliged to obtain a WWC clearance. Northridge is then obliged to verify your WWC clearance with the Office of the Children’s Guardian.

4.3 Additional Northridge requirements

It is a Northridge policy that all volunteer Leaders assisting at Services must complete the Northridge online training for Services by answering all questions correctly in an online test. Also, you must successfully complete refresher training every 3 years.

4.4 Non-compliance

While we hope and expect this will not occur, we will need to have a discussion with you about your ongoing participation as a volunteer Leader in Services if you were to consistently either refuse or fail to comply with the Code of Conduct or other guidelines in this booklet.

Guidelines

5. Codes of Conduct

Northridge has a general Code of Conduct which establishes standards by which all employees and volunteers of Northridge are expected to conduct themselves. A copy of that Code of Conduct can be found on the General Resources page of the Northridge website <https://northridge.org.au/general-resources/>. Accordingly, all Leaders are expected to comply with that general Code of Conduct.

All Leaders are expected also to comply with the following Child Protection Code of Conduct.

Northridge has adopted this Child Protection Code of Conduct to protect:

- ☐ Children attending Services; and
- ☐ You as a leader from situations where your integrity or actions might be questioned.

Child Protection Code of Conduct

In addition to any other Northridge policy or code of conduct applying to them, Leaders must, in the exercise of their ministry:

DO's

- Always comply with Northridge's policies, including about:
 - reporting concerns or complaints of child abuse
 - communicating with children
 - identifying and mitigating risks to children's safety and wellbeing, and
 - record keeping and information sharing
- Always behave respectfully, courteously and ethically towards children, their families and other staff
- Always listen and respond to views and concerns of children, particularly if you detect they are not feeling safe or well
- Always promote the safety, wellbeing and human rights of children
- Always adhere to appropriate personal and professional boundaries
- Always consider and respect the diverse backgrounds and needs of children
- Always create an environment encouraging participation from children and their families which is welcoming, culturally safe and inclusive
- Always, whenever possible, involve children in making decisions about activities, policies and processes concerning them.

DON'Ts

- Never engage in child abuse.
- Never groom a child or otherwise cultivate relationships to initiate or conceal child abuse.
- Never be alone with a child away from the presence of other adults during a Service.
- Never have children to their home or visit children in their home when no other adult is present, and never meet one on one with a child outside of Services, except with the written permission of a parent (which may be provided digitally).

- Never touch a child inappropriately¹.
- Never provide intimate care to a child (eg toileting or changing clothes).
- Never discipline a child physically.
- Never make available to a child:
 - a substance or product whose supply to, or use by, children is prohibited by law, such as illegal drugs, alcohol, tobacco products and gambling products; or
 - without the express approval of a Senior Pastor, a publication, film or computer game classified by the Office of Film and Literature Classification as being other than ‘unrestricted’ in the case of publications or ‘G’ in the case of films or computer games.
- Never develop special relationships with particular children that could be seen as involving favouritism or any form of special treatment.
- Never engage in any form of secretive contact with a child (including physical or electronic contact).

6. The four Golden Rules

There are four Golden Rules applicable to all the guidelines for Services:

The Golden Rules

Use common sense

Leaders must always take reasonable care to ensure the safety and welfare of children in their care.

Two or more

There must always be at least two Leaders aged 18 or over present for all Services.

Never alone

A Leader must not be alone with a child during a Service, and should make sure, as far as possible, that another Leader is not left alone with a child.

Stranger danger

Leaders should be on the alert for people wandering around – a person unknown to the Leaders or not part of the Service should not be allowed access to the Activity Environment and should be reported to the Coordinator immediately.

7. Leader ratio

If a child arrives at a Service and you are the only adult Leader present, you must ask the person who has brought the child to remain with the child until another adult Leader arrives.

8. Physical safety of children

You must:

¹ See clause 15

- be alert to possible physical danger to children such as unsafe furniture, broken glass or liquid on floors which could cause a slip hazard, and take appropriate remedial action; and
- **NEVER** administer medications to a child unless in your role as a First Aid Officer in a first aid setting, and
- become familiar with emergency evacuation procedures and the location of fire extinguishers and first aid kits.

If an incident occurs at a Service resulting in illness or injury to any person (or which created an unsafe environment which could have resulted in significant illness or injury) then you must report this to the Coordinator immediately. The Coordinator will decide whether first aid or reporting to a parent is required and may require you to complete a written report on the incident on a form they will provide you.

9. **Appropriateness of activities**

You must consider thoughtfully what messages children may learn from how Services are organised or conducted. Games or other activities which could emphasise gender, physical, intellectual or ethnic differences must be assessed for their appropriateness.

To minimise the possibility of children being harmed, you must carefully consider the appropriateness of games or other activities requiring children to act alone or in pairs independent of Leaders.

You must review in their entirety DVDs, videos, computer games, graphics, photographs or lyrics you intend to show children. In assessing whether something is appropriate, you must be governed by the age of the youngest child present. Censorship ratings must be kept to 'G' or 'unrestricted' unless specific permission is granted by a Senior Pastor.

10. **Alcohol, tobacco and drugs**

The serving, consumption or use of alcohol, tobacco or illegal drugs at Services is prohibited unless expressly permitted by a Senior Pastor for community events or fundraisers. Normally the Coordinator will confiscate alcohol, tobacco or illegal drugs found in the possession of a child on church grounds and then discuss the issue with the parents of the child as soon as possible.

11. **Praying with primary school age and below children**

Leaders at Services must ensure children of primary school age and below are accompanied by one of their parents when receiving prayer in a Service.

12. **Praying with young people**

12.1 **Pre-conditions to praying**

A Leader must:

- not pray with a young person unless the young person invites the Leader to pray with them or demonstrates they would like a Leader to pray with them by walking to the front of a meeting during a prayer or worship time,
- where appropriate, inform a young person before any discussion between them takes place that it may not be possible for the Leader to keep confidential prayer requests

or disclosures made by the young person if the Leader becomes concerned for the young person's safety,

- ensure there are always a minimum two people present when praying with a young person, with at least one person of the same gender as the young person. One of the two people must be a Leader and preferably the other person also is a Leader. However, if the Leader considers it appropriate, the other person can be a mature young person but in those circumstances the Leader must be the same gender as the young person being prayed for,
- not pray one-on-one with a young person unless expressly permitted by the Coordinator of the Activity in which the prayer ministry is occurring,
- before they start praying, ask the young person to describe their prayer request. Listen carefully and do not ask leading questions or more questions than necessary, and
- if a young person discloses abuse or information that gives a Leader cause to be concerned for their (or another child's) safety or welfare, follow the procedures in the section at the end of this Policy entitled “Recognising and reporting child abuse”.

Coordinators and Senior Pastors must monitor whether people praying with children and young people (particularly in Services) are following the requirements of this clause 12. If not, then the Coordinator or Senior Pastor is expected to intervene appropriately to ensure these requirements are followed.

Senior Pastors must give regular public instructions during Services about how to pray with people during Services including, when appropriate, the requirements of this clause 12.1.

12.2 Conduct when praying

When praying:

- verbal permission must be obtained from a young person before anyone lays a hand on the young person,
- if laying a hand on a young person:
 - only one hand may be placed on the young person,
 - a hand may be placed only on the shoulder, arm, or upper back,
 - if praying for healing, seek permission to place a hand on the infirmed area (and do not place a hand on the infirmed area if to do so would constitute inappropriate touch with reference to clause 14.3), and
 - in all cases hands must remain as still as possible (no stroking or patting),
- the person praying must:
 - keep their eyes open as much as possible,
 - seek permission before ‘praying in tongues’ audibly, and
 - ‘check in’ with the young person at regular intervals and ensure they are comfortable with the process,
- if a young person falls to the floor in prayer (or appears about to fall to the floor):
 - if possible, provide a seat for them before they fall,
 - make sure they are appropriately covered (e.g. if a young person's clothing has moved during their fall, cover them to ensure they are not exposed), and
 - appropriately clear the space around them and give them room, and
- **DO NOT** share with the young person any word or picture (negative or positive) which predicts or describes future events. Instead, consider sharing it with the Coordinator or a Pastor.

12.3 When to stop praying

Some young people may be unfamiliar with prayer ministry or the work of the Holy Spirit. The Leader should explain what is happening and what they are doing, regularly checking the young person feels safe and comfortable. If a young person says they do not feel safe or comfortable (or they appear not to be feeling safe or comfortable), stop praying immediately.

13. **Unaccompanied children**

Each Coordinator of a Service and any Senior Pastor present must look out for children who are not accompanied by a parent or an Authorised Person*. **NOTE: an Authorised Person could be a sibling of the child aged over 18. If:**

- (a) unaccompanied children under age 13 are present, a Coordinator or Senior Pastor must contact a parent of the child and ask them to either collect the child, come and stay with them for the duration of the Service or nominate an adult present at the Service who they consent to act as the child's Authorised Person (to be confirmed by a text). Two adult Leaders must stay with the child until a parent or Authorised Person arrives, and
- (b) unaccompanied children aged 13 or older are present and a Coordinator or Senior Pastor believes they are not acting responsibly (for example by staying outside the confines of the Service), then the Coordinator or Senior Pastor must treat them as a child referred to in clause 13 (a).

14. **Children taking part in worship teams**

If a child volunteers to assist in a worship team, then a Senior Pastor must ensure that:

- (a) two adult Leaders are part of the worship team (including during set-up, practise and pack-up), and
- (b) the Leaders taking part in the worship team are aware they are responsible for the care of the child while the worship is taking place and during set-up, practise and pack-up.

15. **Physical contact**

While touching a child without their consent is acceptable in cases of physical danger or a medical emergency, generally children have the right to refuse being touched. Generally, physical contact should be initiated by the child or occur with their permission. Following are guidelines on appropriate and inappropriate physical contact.

Appropriate and inappropriate physical contact

Appropriate physical contact for all age groups up to and including school year 5 includes:

- Hand-holding to reassure or guide
- Offering open side hugs (placing one arm around a child's shoulders) to welcome or comfort a child
- Short periods of carrying to comfort a distressed child
- Sitting beside a child to read a book
- Appropriate touch to administer first aid or assist with personal hygiene eg blowing noses.

Appropriate physical contact for the age brackets covered by students attending School Years 6-12 inclusive includes:

- Offering open side hugs (placing one arm around a child's shoulders) to welcome or comfort a child
- Light touching on a child's arms or back

Inappropriate physical contact for all age groups includes:

- Kissing or coaxing a child to kiss a Leader
- Encouraging a child to sit on a Leader's lap
- Tickling
- Hitting or shaking
- Forceful grabbing or picking up
- Touching any area of the body normally covered by a swimsuit
- Touching that may be offensive given a child's cultural background.

Recognising and reporting child abuse²

16. Recognising child abuse

16.1 Core meaning of child abuse

child abuse means an act or omission endangering the physical, emotional or spiritual health or development of a child including the following conduct in relation to a child:

- bullying

NOTE these terms have been listed alphabetically which is not intended to reflect any order of importance or severity. All are important. However, the concepts of sexual abuse and physical abuse are the most common forms of abuse giving rise to meeting the threshold of child abuse reportable to the authorities. Having said that, Leaders must report to a Pastor under clause 17 below any form of suspected child abuse.

Further explanation of these terms and indicators of this type of activity are set out in clause 16.2. If a Leader is in doubt about any of this terminology, they should seek further clarification from the Child Protection Officer, a Coordinator or a Senior Pastor.

16.2 Expanded explanation of child abuse

Set out below is an explanation of each of the terms used in clause 16.1 and potential indicators of each type of child abuse:

IMPORTANT: If a Leader has concerns that any conduct described in this clause 16 has occurred, they should refer to clause 17. Clause 17 sets out obligations on Leaders to report suspected child abuse to the Northridge leadership team and obligations on the Northridge leadership team to report suspected child abuse to authorities.

17. Procedures for reporting child abuse

In some instances, Pastors or Leaders may have a legal responsibility to report suspected child abuse to one or more authorities.

NOTE: Sections 18 and 19 covers two distinct types of reporting being:

- Internal reporting: The obligations of Leaders to report suspected child abuse internally ie to those within the Northridge leadership structure who should be informed when a Leader suspects child abuse;
- External reporting: The obligations of Pastors or Leaders to report suspected child abuse to one or more authorities.

Sections 18 and 19 allows for external reporting to be done by a designated person within the leadership of Northridge, who should report back to the Leader who made the original report. Despite this, there may be circumstances where a Leader should separately consider whether they should make a report directly.

18. Internal reporting

18.1 Obligation of Leader to report

If:

- a Leader observes what they believe or suspect to be child abuse or indicators of child abuse,
- another person tells a Leader they suspect or know a child is being subjected to child abuse,
- a child tells a Leader they, or another child, is being subjected to child abuse, or
- a Leader suspects on reasonable grounds that a child is at risk of significant harm,

then the Leader must:

- **GIVE** this information as soon as practicable to the Child Protection Officer, the Kids Church Pastor, the Youth Pastor or a Senior Pastor. **IMPORTANT: If the alleged perpetrator of the alleged child abuse is a Pastor, the Leader must not give the information to that Pastor but instead give it to another Pastor not related by marriage or otherwise to the alleged perpetrator.**

IMPORTANT

IF A CHILD TELLS A LEADER THEY, OR ANOTHER CHILD, HAS BEEN SUBJECT TO CHILD ABUSE, THE LEADER MUST:

- Listen to their story carefully
- Comfort them with words if they are distressed
- Let them know they did the right thing and they have the right to both feel, and be, safe
- Let them know the Leader is concerned about what they have told the Leader and the Leader will be getting advice as soon as possible about how best to help them.
- **NOT** promise to keep the information secret
- **NOT** ask more questions than are necessary to understand what has occurred
- **NOT** ask leading questions ie questions which suggest an answer
- **NOT** touch the child inappropriately
- **NOT** suggest the child will need to prove what has been disclosed
- **NOT** promise the abuse will stop, and
- **NOT** notify parents (this issue will be dealt with by the Northridge leadership)

- **NOT GIVE** the information to anyone else (ie keep the information **CONFIDENTIAL**)
- **PREPARE** a written report of the information in conjunction with a Pastor within 24 hours from when the Leader receives it on a *Risk of Harm Report* the Pastor will provide to the Leader.

AFTER the Leader has given a report under this clause to a Pastor or the Child Protection Officer, they must not have further interaction with a child:

- the subject of, or
- who disclosed

the alleged child abuse unless it is expressly approved by the Child Protection Officer or a Senior Pastor. This is because it is important for the protection of all parties for the procedure following receipt of this type of information to be co-ordinated by the Northridge leadership in a way that does not prejudice any further inquiry by authorities.

18.2 Obligation to comply with Northridge Concerns Handling Policy

If the alleged perpetrator of the alleged child abuse the subject of information provided under clause 18 is a Leader, then the information is to be taken to have been information given under Clause 5.1(a) of the Northridge Concerns Handling Policy. The Northridge leadership team must ensure all procedures set out in that Policy for dealing with that information are followed.

19. External Reporting

19.1 Reporting Regime

Once a Pastor or Leader becomes aware of a complaint relating to child abuse, active steps must be taken to consider obligations to do one or more of the following:

- **Emergencies:** report emergencies (where a person is at immediate risk) to the Police,
- **Mandatory Reports:** make mandatory reports to DCJ. [See section 27 of the Children and Young Persons (Care and Protection) Act 1998],
- **Child Abuse Offences:** report child abuse offences to the NSW Police. [See section 316A of the Crimes Act 1900], and
- **Reportable Conduct:** notify the NSW Office of the Children’s Guardian of reportable conduct. [See Part 4 of the Children’s Guardian Act 2019]

19.2 Who should report on behalf of Northridge?

All Pastors and Leaders are required to notify the Kid’s Church Pastor, the Youth Pastor, the Child Protection Officer, or a Senior Pastor of any information or complaints relating to child abuse. Anyone receiving such a notification who is not a Senior Pastor must immediately inform a Senior Pastor or the Chair of the Concerns Handling Committee maintained under the Northridge Concerns Handling Policy.

The policy position of Northridge is that reports to authorities should be made by a Senior Pastor.

However, if a Senior Pastor is not available at the time a report should be made (or it is not appropriate for a Senior Pastor to make a report because the complaint relates to the Senior Pastor), then the Child Protection Officer or another Pastor should make the report (in consultation with the Chair of the Northridge Concerns Handling Committee).

19.3 Emergencies

Where there is an immediate danger to a child, a Leader must:

- contact the Police immediately on 000 or 131 444 and report the information;
- follow any instructions given by the Police;
- address any immediate safety needs of others present; and
- organise support for the person who has disclosed the complaint or information.

If the Leader who becomes aware of this danger is not a Pastor, they should first confirm with a Pastor that the Police should be contacted. If a Pastor is not immediately available to give this confirmation, the Leader should form their own judgement and act accordingly.

The Leader making a report to the Police should complete and provide to a Senior Pastor promptly an Incident Report Form (see Appendix 9) relating to the incident which should include the incident number provided by the police. Obligation to comply with Northridge Child Safety Complaint Handling Policy

19.4 Mandatory Reports^[1]

Leaders and Pastors^[2] of Northridge are subject to a duty to make a mandatory report where, in the course of their role, they develop reasonable grounds to suspect that a Child (under the age of 16 years) is at risk of significant harm.

A Child (under the age of 16 years) is at risk of significant harm if a concern exists at that time for their safety, welfare or well-being because of the presence, to a significant extent, of any one or more of the following circumstances:

- their basic physical or psychological needs are not being met or are at risk of not being met;
- their parents or other caregivers have not arranged or are unable or unwilling to arrange for them to receive necessary medical care;
- they are at risk of being, physically or sexually abused or ill-treated;
- they are living in a household where there have been incidents of domestic violence and, as a consequence, they are at risk of serious physical or psychological harm;
- their parent or other caregiver has behaved in such a way towards them that they have suffered or are at risk of suffering serious psychological harm.
- other circumstances described in section 23 of the Children and Young Persons (Care and Protection) Act 1998, such as attendance at school or the welfare of a child relating to a pre-natal report having been made.

(a) Obligation to make a Mandatory Report to DCJ

The policy position of Northridge is that any Mandatory Report to DCJ should be made by a Senior Pastor in the first instance, in consultation with the Child Protection Officer. This should be done by calling the Child Protection Helpline on 132 111 or via an e-report at <https://reporter.childstory.nsw.gov.au>.

If a Senior Pastor cannot be contacted in a reasonable time in the circumstances requiring involvement of a Senior Pastor under this clause, then the reference to a Senior Pastor is to be replaced with 'Chair of the Northridge Concerns Handling Committee'.

If there is any doubt whether a concern would be considered a risk of significant harm, then the Senior Pastor should complete the Mandatory Reporter Guide (MRG) at <https://reporter.childstory.nsw.gov.au/s/mrg>. If the MRG responds with an instruction: 'Immediate Report to the Child Protection Helpline', the Senior Pastor must proceed to make the Risk of Significant Harm Report to DCJ as soon as possible.

Following this, the Senior Pastor and Child Protection Officer must:

- promptly notify the Board of any report made to DCJ (and the Board must as soon as practicable decide whether the circumstances should be notified to the insurers),
- discuss with a Senior Pastor what approach should be taken in relation to the child's parents, and
- decide whether the Leader who reported the possible child abuse should have any contact with a child who disclosed the possible child abuse or the child who is the subject of the possible child abuse, and give directions to the Leader in this respect.

All Risk of Harm Reports and copies of all reports made to DCJ or the Police must be provided to the Child Protection Officer and filed permanently ie never destroyed.

(b) Notify the relevant Leader or Pastor

The Senior Pastor or Child Protection Officer must notify the Leader or Pastor that disclosed the relevant information whether or not a mandatory report has been made.

If a Leader or Pastor is not satisfied in circumstances where a mandatory report has not been made, then they should separately make a mandatory report following the steps in (a) above.

(c) Reports for a Child aged between 16 and under 18 years

Under s 24 of the Children and Young Persons (Care and Protection) Act 1998 (NSW) an individual **may** make a voluntary report to DCJ for the same concerns about a Child aged between 16 and under 18 years. For this reason, the Senior Pastor and Child Protection Officer should consider whether, despite the age of the Child, a report should be made.

19.5 Child Abuse Offences

Any adult staff member, volunteer or attendee at Northridge may have obligations to report information regarding child abuse offences to Police.

At the same time as considering whether a mandatory report should be made, the Leader or Pastor should consider whether there is an obligation to report to Police. The requirement to report to Police includes both recent incidents and allegations of historic abuse.

In NSW failing to report a child abuse offence to Police without a ‘reasonable excuse’ may be considered a concealing child abuse offence which is punishable by up to five years imprisonment (see section 316A of the Crimes Act 1900 (NSW)). ‘Reasonable excuses’ include, but are not limited to, that a police report or mandatory report has already been made in relation to the matter or that the person who was the alleged victim of abuse was over the age of 18 at the time of making the disclosure and does not want it reported to Police.

Where a matter has been reported to DCJ as a mandatory report then it is not required to be reported to Police.

19.6 Reportable Conduct

There may also be an obligation to notify reportable conduct to the Children’s Guardian. Refer to the Northridge Concerns Handling Policy for more information about handling reportable conduct matters.

[2] Section 27 of the *Children and Young Persons (Care and Protection) Act 1998 (NSW)* defines a mandatory reporter to include a person in religious ministry, or a person providing religion-based activities to children. Northridge has received legal advice that the categories of persons named in this definition are Mandatory Reporters in the context of Northridge’s Activities. If the alleged perpetrator of the alleged child abuse the subject of information provided under clause 26 is a Leader, then the information is to be taken to have been information given under Clause 2 of the Northridge Child Safety Complaint Handling Policy. The Northridge leadership team must ensure all procedures set out in that Policy for dealing with that information are followed.
